LETTER OF INVITATION

Dear Colleague

The 15th international Conference of the Society on Cachexia, Sarcopenia & Muscle Wasting, will take place on 24-26 June 2022 in Lisbon, Portugal under the guidance of Chairs of the SCWD, Professor Stefan Anker (Berlin, Germany) and Professor John Morley (Saint Louis, USA).

It is clear that cachexia and sarcopenia represent an ever-increasing burden for health-care systems, patients and healthcare professionals.

To make sure the international community around the world keeps abreast with the latest advancements after the challenging COVID 19 pandemic, the Board of the SCWD is determined to create the best possible conditions for the cachexia and sarcopenia community to meet in person.

SCWD will also make sure highlights of the conference are accessible with virtual options to attend remotely via our digital interactive platform.

Our program in 2022 will be take place over 3 days, with basic science and clinical tracks. Poster sessions will be held on site in Lisbon in order to renew with the productive scientific exchange that characterizes academic spirit. Industry sessions will offer the opportunity to share the latest up-to-date research and to discuss and debate best strategies to meet patient needs.

There will also be opportunities to enhance visibility for your solutions during the conference such as exhibition spaces.

By supporting an educational or networking session and exhibiting at the meeting, your organization can develop relationships with the professionals at the head of research and care.

Please take some time to carefully examine the 2022 prospectus and discover how you can become involved in supporting this increasingly important and influential educational initiative.

We hope to see you in Lisbon and look forward to working with you again to continue the tradition of a mutually rewarding and intellectually stimulating SCWD conference!

Stefan Anker and John Morley

PURPOSE AND OBJECTIVES

Healthcare providers will be able to recognize symptoms that are indicative of both chronic and acute illness that lead to Cachexia, Sarcopenia and Frailty. Participants will be able to apply this knowledge to mediate the effects of Cachexia and Sarcopenia across the continuum of care.

Attendees will be able to diagnose, evaluate, manage and treat frailty, sarcopenia and cachexia resulting from the following diseases or chronic conditions: Cancer, Cardiovascular Disease, Death, Dying & Grief, Dementia/ Alzheimer's Disease, Diabetes, Heart Failure and Ageing.

At the end of the conference, participants will be able to develop appropriate management programs for patients across the continuum of care.

TARGET AUDIENCE

The conference will take place live in Lisbon and online on our secure conference platform.

PRACTICAL INFORMATION

The conference will take place on our interactive streaming platform, with e-posters, e-booth, CME and live interaction capabilities

GENERAL INFORMATION

The SCWD is an international and multidisciplinary non-profit organization. The SCWD is independent from the industry. It is a science-driven organization that seeks to further research on Cachexia and Sarcopenia and bring practical solutions to healthcare teams worldwide.
